Public Service with integrity

Union County approved hauling routes to the Heritage Cooperative-Marysville AG Campus facility are as highlighted above. Local county and township roads do not have adequate strength or width to carry the necessary loads. Use SR's 4, 38, 161, 736, USR's 33 & 42, Industrial Pkwy and Scottslawn Road to access facility when traveling from the south. Trucks from all other directions are asked to utilize USR33 via State Routes. Thank you.
