

# Proudly Announcing: **My Account** Now Available on Our Web Site

We have added a **NEW** and **EXCITING** feature to our web site that allows you to view your account information from the convenience of your computer. We are using “e-AgVantage® Software” developed and published by AgVantage Software, Inc. This new feature is long awaited by many of you and we are pleased to now offer you access to your account through our web site.

You will need your account number and some other numbers to get started. Once you setup access to your account you will be able to view all the activity on your account from products and services purchased to status of current grain contracts, if you are one of our grain customers, to the balance due and when it is due.

To find My Account look under our Champaign Landmark logo in the upper left hand corner. **Just click on My Account** and it will take you to the access setup page.

You will need your account number or numbers if you have more than one account with us, select a password, the last four numbers of your Federal Tax ID or Social Security number and your e-mail address. Just

follow the steps from there.

If you have not filled out and submitted a credit application with Champaign Landmark in the past 24 months, we

may not have your Federal ID number or Social Security number in our data base. If that is the case, you will not be able to gain access to your account through our web site. We use your Federal ID or Social Security numbers and your account number as verification for permission to access your account.

Go to our web site and click on Champaign Landmark Credit Applications. On this page you

will find a **W-9 form** that you can use to send us the necessary information.

**NOTE:** if you already have a Champaign Landmark account but can't access My Account, you **DO NOT need to fill out a credit application form...only the W-9 form.** Fax or drop off the form at one of our offices. We will enter your information in our data base as soon as possible so you can start using “My Account.”
